Actuarial Executive in Life

NAIROBI OFFICE

The Life consulting team is expanding and has a vacancy for an Actuarial Executive in our Nairobi (Kenya) office. The team assists clients in over 20 African countries on various projects, including statutory and HAF appointments. The role's primary responsibility will be to assist in running various actuarial projects for the Life team.

Requirements:

- Degree in Actuarial Science
- 7+ years of working experience in Life or a similar environment.
- Advanced skills in Excel
- Knowledge of Actuarial Software
- Flexibility to deal with changing projects and priorities in a short space of time.
- Good problem-solving skills and ability to learn new methods and processes.
- Deliver within agreed deadlines and scope
- Attention to detail
- Report writing skills
- ASSA/TASK/IFoA Fellowship (Advantageous)

Responsibilities:

- Assisting senior managers, where necessary
- Reserving / statutory valuations / SAM Pillar I
- Product pricing and design
- Capital modelling & Asset Liability Modelling
- Supporting the Head of Actuarial Function
- Reinsurance reviews
- Drafting reports and communications
- Supporting the consulting actuary
- Performing market studies and research
- Embedded Value Reporting
- Analysis of Surplus / AoEV
- ORSA (Own Risk & Solvency Assessment)
- FCRs (Financial Condition Reports)
- IFRS 17 Implementation
- Adhering to professional standards & ethical practices
- Training and mentoring junior staff
- Managing clients and assignments
- Completing tenders and proposals

Desirable Traits:

- Solid actuarial technical skills
- Strong work ethic and highly motivated
- Management experience (advantageous)
- Ability to learn quickly and perform in a pressurised environment
- Ability to work to a deadline and give regular feedback on progress
